

Professional Atmosphere Engineering **for Modern Spaces**

Allergen-Free · Micro-Mist Diffusion · 400 m² Coverage · 24h Effect

Your Atmosphere. The Silent Voice of Your Brand.

OUR STORY

Crafted for the Finest Environments

Since 2021, SKAY has been the operational choice of Turkey's leading hotel chains.
We don't just add fragrance — we engineer complete atmospheric transformations.

Molecular Neutralization

Eliminates odor particles
at the molecular level

Micro-Mist Diffusion

Hotel-grade particle
suspension technology

Environment Transformation

Beyond scent — complete
atmospheric engineering

Trusted by Hilton · Accor · Wyndham Hotels & Resorts and 200+ premium brands

Trusted by BMW · AUDI · VW - TESLA + premium brands

THE SCIENCE

Micro-Mist Diffusion Technology

Not masking. Neutralizing at the molecular level.

01 High-Pressure Valve System
Hotel-grade particle suspension delivers
fragrance molecules in ultra-fine mist

03 400 m² Single Application
One spray covers an entire floor of a
premium hotel with consistent diffusion

02 Molecular Neutralization
Eliminates odor particles at the source —
not just covering them up

04 Allergen-Free Formulation
Professional-grade ingredients certified
safe for sensitive environments

"Standard sprays mask. SKAY neutralizes."

PERFORMANCE

Professional-Grade vs. Consumer Sprays

	SKAY PRO	CONSUMER SPRAY
Molecular Neutralization	Full spectrum	Surface masking only
Diffusion Power	500% micro-mist	Standard aerosol
Coverage Area	400 m ²	15–30 m ²
Longevity	24-48 hours	2–4 hours
Allergen Safety	Certified allergen-free	Contains irritants
Surface Safety	100% safe on all surfaces	May stain fabrics

APPLICATIONS

One System. Infinite Environments.

21 industries trust SKAY to define their atmosphere.

Hospitality & Events

Hotels & Resorts
Boutique Airbnb
Restaurants & Bars
Event Venues
Conference Centers

Wellness & Beauty

Luxury Spas
Fitness Centers
Hair Salons
Medical Clinics
Yoga Studios

Automotive & Fleet

Car Rental Fleets
Auto Detailing
VIP Transfer
Showrooms
Private Aviation

Corporate & Retail

Executive Offices
Real Estate Staging
Retail Flagships
Bank Branches
Co-working Spaces

WHY SKAY

Built for Business

Trusted by premium hotel chains across Turkey
since 2021.

Proven Excellence

Made in Turkey
Used by Hilton, Divan, Radisson
Professional-grade formulations
Consistent quality control
ISO-certified production

Dual Action Technology

Fragrance + Hygiene combined
Molecular odor neutralization
Micro-Mist diffusion system
High-pressure valve engineering
Long-lasting particle suspension

Reliable Scale

Dedicated B2B support
Free sampling program
Consistent supply chain
Custom scent development
Flexible order volumes

Elimination vs. Masking

SKAY Pro Air Series

- Action:** Immediate bacterial reduction.
- Result:** True odor elimination, leaving behind only long-lasting freshness and signature scent.
- Impact:** Exceptional customer satisfaction, premium luxury brand perception, and highly effective cost-in-use.

Standard Competitors

- Action:** Temporary cover-up.
- Result:** Unpleasant mixture of fragrance and bacteria. Odor returns quickly as the spray dissipates.
- Impact:** Lower customer satisfaction, poor brand perception, and much higher product consumption.

Active Anti-Odor Solution

The Problem: Masking

Traditional air fresheners merely mask bad smells with heavy perfumes, creating an unpleasant, temporary mix of odors that inevitably returns.

The SKAY Solution

SKAY Super Spray actively targets and reduces bacteria associated with odor formation in the air. We don't mask—we obliterate the root cause with our pro-grade, 500ml multi-purpose aerosol.

Micro-Mist Technology

 **High-Pressure Valve System:** Hotel-grade particle suspension delivers our complex fragrance molecules in an ultra-fine, invisible mist that lingers.

 **Molecular Neutralization:** Active agents are formulated to eliminate odor particles at their molecular source, rather than superficially covering them up.

 **400 m² Single Application:** Unmatched diffusion power means a single engineered spray can seamlessly cover an entire floor of a premium hotel.

 **Allergen-Free Formulation:** All professional-grade ingredients undergo strict screening and are certified completely safe for sensitive public environments.

Certified Safety & Compliance

EU Compliant

Fragrance allergen screening is fully documented under Regulation (EC) No 1223/2009, ensuring maximum safety.

Certified Quality

Operations are fully supported by an official Certificate of Analysis and an active Certificate of Declaration.

Standardized Safety

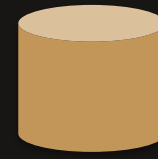

A detailed MSDS confirms an optimal, highly stable blend of aerosol propellants and premium perfume concentrate.

Built for Business

Proven Excellence

Trusted across Turkey since 2021. We deliver professional-grade formulations with consistent quality control and ISO-certified production.

Dual Action Tech

Fragrance and hygiene combined. True molecular odor neutralization powered by cutting-edge, high-pressure valve engineering.

Reliable Scale

Supported by dedicated B2B service, a resilient supply chain, custom scent development capabilities, and flexible volume scaling.

Performance Comparison

FEATURE	SKAY PRO SERIES	CONSUMER SPRAYS
Molecular Action	Full spectrum neutralization	Surface masking only
Diffusion Power	500% micro-mist engineering	Standard heavy aerosol
Coverage Area	Up to 400 m² per application	15–30 m² localized
Scent Longevity	48 hours extended release	2–4 hours temporary
Allergen Safety	Certified allergen-free	Contains common irritants

Trusted by Premium Brands

Crafted for the Finest

Since 2021, SKAY has been the operational choice of Turkey's leading hotel chains. We engineer complete atmospheric transformations.

- **Industry Trusted:** Exclusively used by Hilton, Divan, Radisson and 200+ premium properties.
- **Pro-Grade Suspension:** Advanced technology ensures fragrance particles remain suspended longer.
- **Molecular Engineering:** Beyond scenting, we actively neutralize and purify the environment.

Infinite Environments

Hospitality & Wellness

Over 21 diverse industries trust SKAY to define their unique atmosphere and elevate their guest experience.

- **Hospitality:** 5-Star Hotels & Resorts, Boutique Airbnbs, Event Venues, Premium Restaurants.
- **Wellness:** Luxury Spas, High-End Fitness Centers, Medical Clinics, Exclusive Salons.

Automotive & Corporate

Transforming transitional spaces into memorable, branded olfactory experiences.

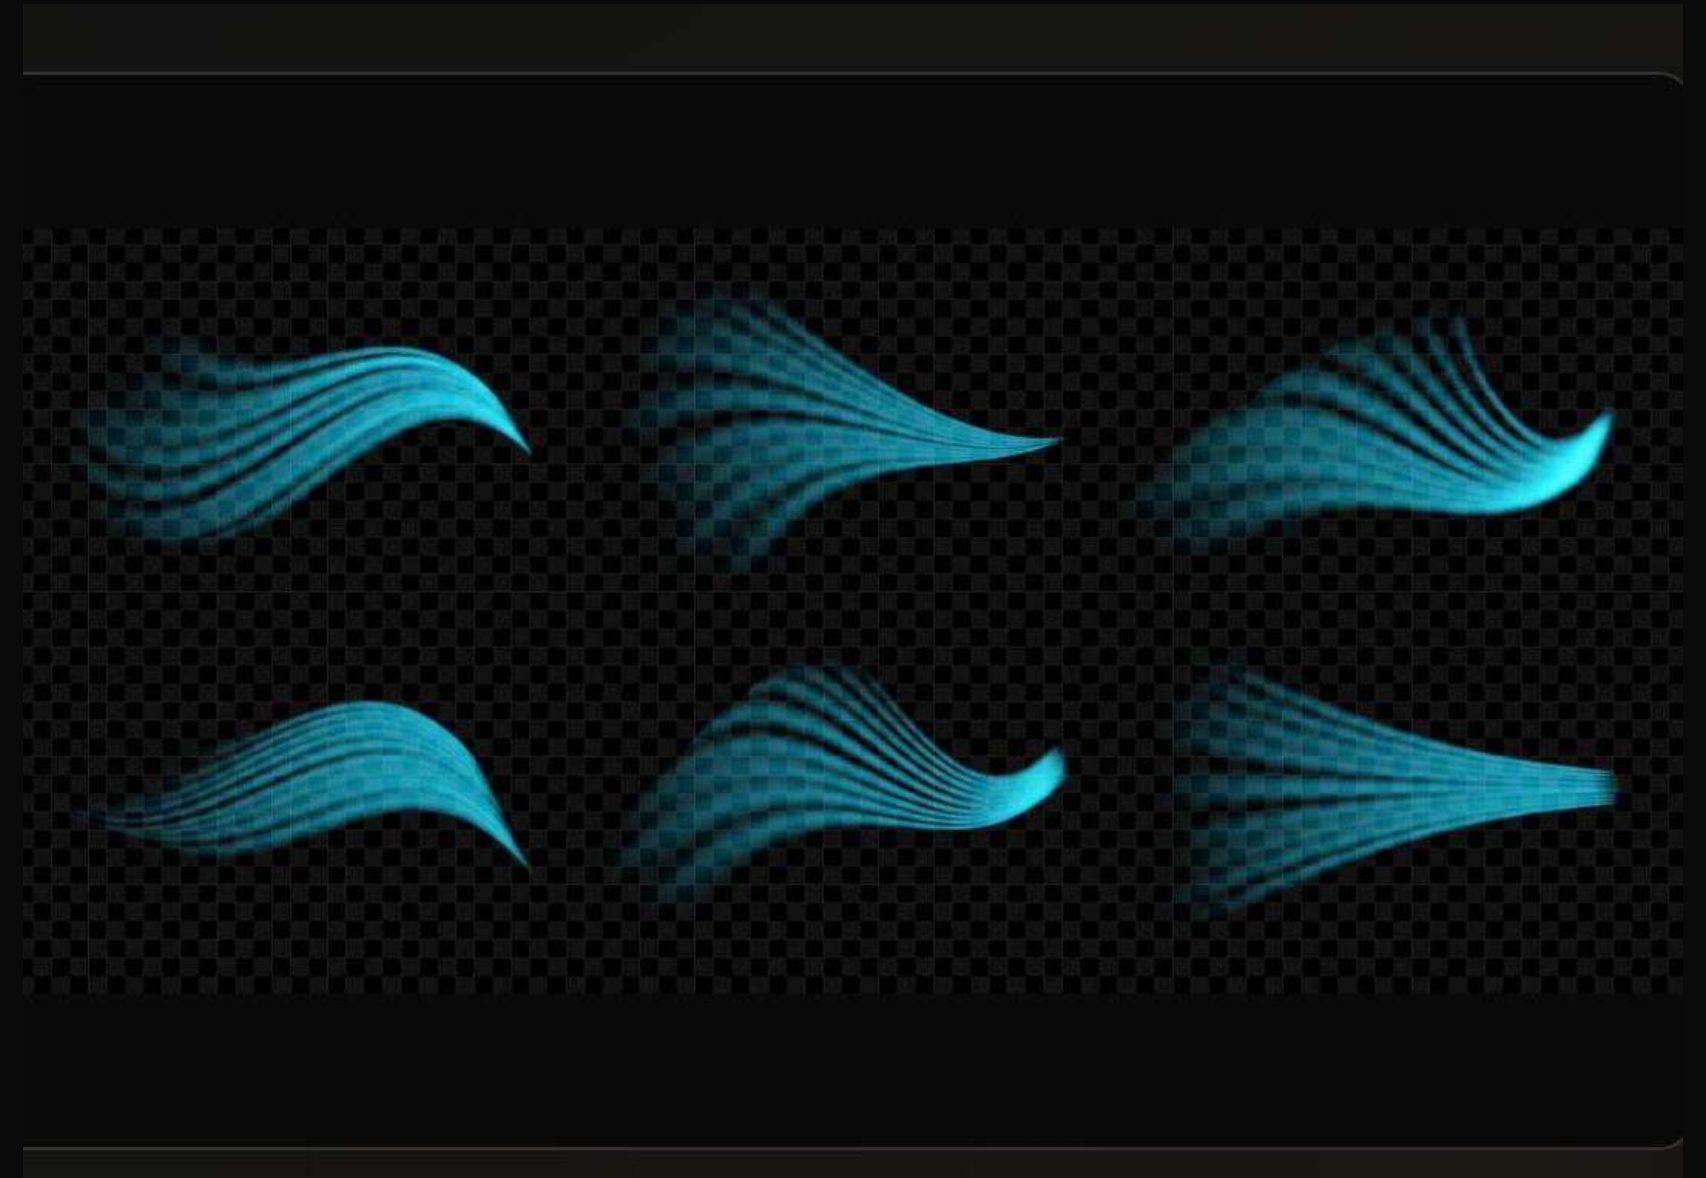

- **Corporate:** Executive Offices, Real Estate Staging, Retail Flagships, Co-working Spaces.
- **Automotive:** VIP Transfers, Car Rental Fleets, Auto Detailing, Private Aviation.

A/C Hygiene Series

Clean Air. Healthy Space.

Our specialized A/C Hygiene Spray utilizes an advanced antibacterial, anti-mold formula that eliminates odors and purifies systems instantly.

- **99.9% Bacteria Kill:** Rigorously tested for maximum efficacy.
- **Instant Effect:** Neutralizes stale, trapped air immediately upon application.
- **Lab Certified:** Professional-grade formulation verified by independent laboratories.
- **A/C Compatible:** Safe for use in all commercial and high-end residential HVAC systems.

— PRO AIR SERIES —

Your Atmosphere.
The Silent Voice of Your Brand.

Lemon Reserve

Fresh energy, elevated.

"An ultra-luxurious fragrance that captures the essence of absolute prestige and timeless elegance, designed to elevate any space into a first-class sanctuary."

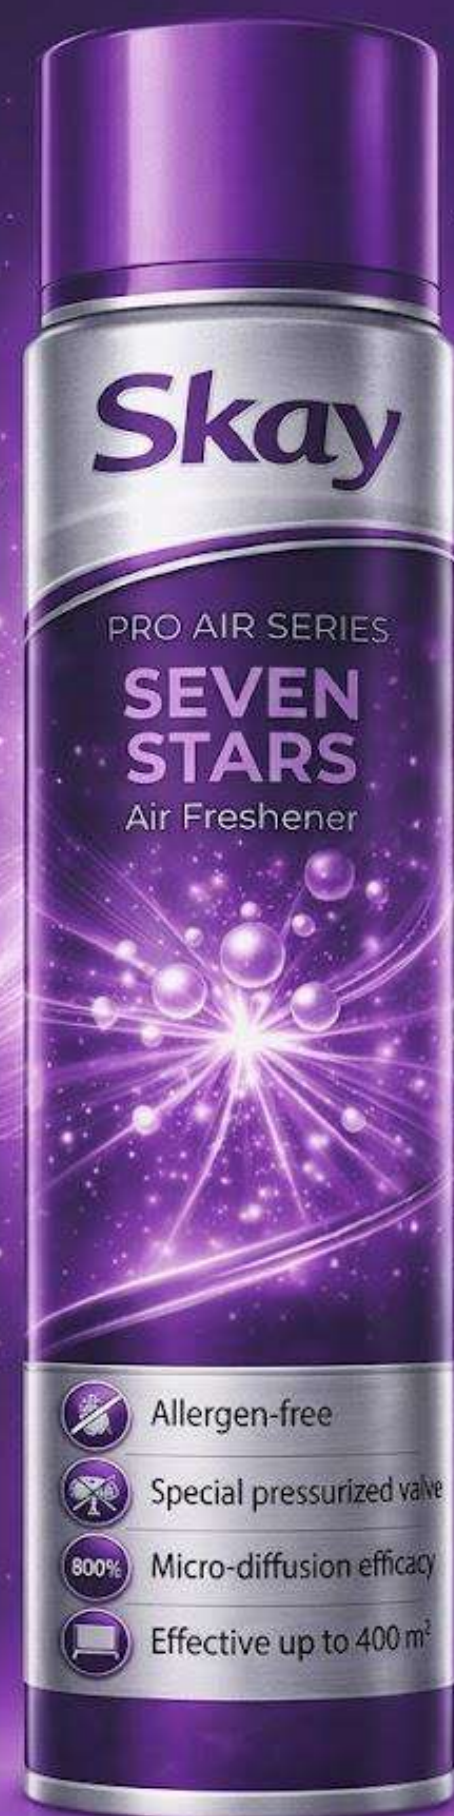

Bitter Orange Reserve

Mediterranean warmth in every breath.

A sun-drenched citrus opening that deepens into smoky amber and resinous fir.

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

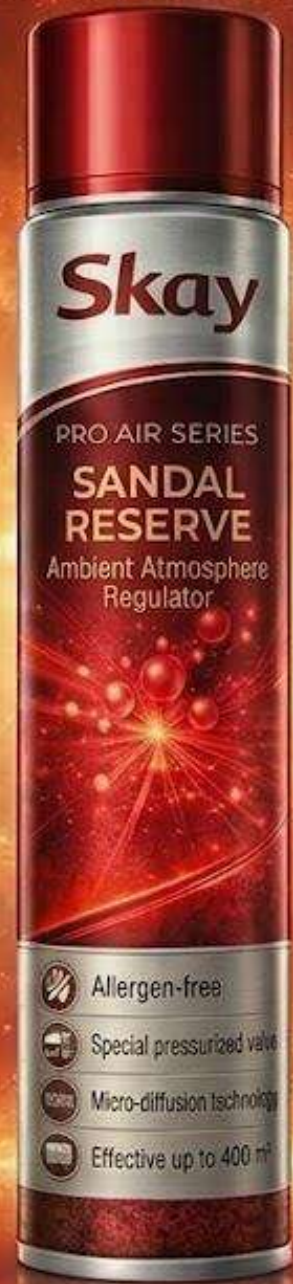

Seven Stars

Global luxury, distilled.

An opulent blend of rare oud and velvety musk, layered with ancient resin and warm spice.

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

Sandal Reserve

Nature's calm, refined.

Creamy sandalwood and soft vanilla rest on a bed of cedar and earthy vetiver.

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

Royal Suite

The signature of luxury.

"An ultra-luxurious fragrance that captures the essence of absolute prestige and timeless elegance, designed to elevate any space into a first-class sanctuary."

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

Terre Reserve

*Grounded. Calm.
Authentic.*

The scent of rain on warm earth, wrapped in
vetiver, oak moss, and petrichor.

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

Lavande Edition

Inspired by Provence.

French lavender fields meet bright bergamot, soft white musk, and cooling eucalyptus.

400 m² Coverage | 48h Effect | 500% Micro-Diffusion | Allergen-Free

A/C Hygiene Spray

Clean air. Healthy atmosphere.

Antibacterial, anti-mold formula that eliminates odors and purifies A/C systems instantly.

Antibacterial · Anti-Mold · Odor Eliminator · A/C Compatible

99.9% Bacteria Kill | Instant Effect | Pro-Grade | Lab Certified

A modern interior space, likely a hotel lobby or lounge, featuring a large, ornate chandelier with multiple tiers of lights. The ceiling is high and has recessed lighting. The walls are dark and reflective. The overall atmosphere is sophisticated and elegant.
